

Environmental Protection Agency

§ 52.939

EPA for approval on March 4, 1993. These sections were intended to correct deficiencies cited in a letter calling for the Commonwealth to revise its SIP for ozone from Greer C. Tidwell, the EPA Regional Administrator, to Governor Wallace G. Wilkinson on May 26, 1988, and clarified in a letter from Winston A. Smith, Air, Pesticides & Toxics Management Division Director, to William C. Eddins, Director of the Commonwealth of Kentucky Division for Air Quality.

(c) Deficiencies in 1.12 Emissions Trading, however, have not been corrected. The above deficiencies must be corrected according to the letters mentioned above, the proposed post-1987 ozone policy (52 FR 45044), and other EPA guideline relating to the deficiencies before the SIP for ozone can be fully approved.

[59 FR 32352, June 23, 1994]

§ 52.935 PM₁₀ State implementation plan development in group II areas.

On July 7, 1988, the State submitted a committal SIP for the cities of Ashland and Catlettsburg in Boyd County. The committal SIP contains all the requirements identified in the July 1, 1987, promulgation of the SIP requirements for PM₁₀ at 52 FR 24681. The SIP commits the State to submit an emissions inventory, continue to monitor for PM₁₀, report data and to submit a full SIP if a violation of the PM₁₀ National Ambient Air Quality Standards is detected.

[55 FR 4172, Feb. 7, 1990]

§ 52.936 Visibility protection.

(a) The requirements of Section 169A of the Clean Air Act are not met because the plan does not include approvable procedures meeting the requirements of 40 CFR 51.307 (b) and (c) for protection of visibility in mandatory Class I Federal areas from sources in nonattainment areas.

(b) Regulations for visibility monitoring and new source review. The provisions of § 52.28 are hereby incorporated and made part of the applicable plan for the State of Kentucky.

[54 FR 36311, Sept. 1, 1989]

§ 52.937 Review of new sources and modifications.

(a) Approval—EPA is approving the section 182(f) oxides of nitrogen (NO_x) reasonably available control technology (RACT) exemption request submitted by the Kentucky Department for Environmental Protection on August 16, 1994, for the Kentucky portion of the Huntington-Ashland ozone (O₃) moderate nonattainment area. This approval exempts this area from implementing NO_x RACT on major sources of NO_x. If a violation of the O₃ NAAQS occurs in the area, the exemption from the requirement of section 182(f) of the CAA in the applicable area shall not apply.

(b) Approval—EPA is approving the section 182(f) oxides of nitrogen (NO_x) reasonably available control technology (RACT) exemption for the Kentucky portion of the Cincinnati-Hamilton ozone (O₃) moderate nonattainment area. This approval exempts this area from implementing NO_x RACT on major sources of NO_x.

[60 FR 21717, May 3, 1995, as amended at 65 FR 37898, June 19, 2000]

§ 52.938 General conformity.

The General Conformity regulations were submitted on November 10, 1995, and adopted into the Kentucky State Implementation Plan (SIP). The Commonwealth of Kentucky incorporated by reference regulations 40 CFR part 51, subpart W—determining conformity of General Federal Actions to State or Federal Implementation Plans.

[63 FR 40046, July 27, 1998]

§ 52.939 Original identification of plan section.

(a) This section identifies the original “Air Implementation Plan for the Commonwealth Kentucky” and all revisions submitted by Kentucky that were federally approved prior to March 1, 1999.

(b) The plan was officially submitted on February 8, 1972, and was resubmitted on December 5, 1973.

(c) The plan revisions listed below were submitted on the dates specified.

(1) Clarifying comments on the plan submitted on March 6, 1972, by the Kentucky Air Pollution Control Office.
